

## Kreiranje loga

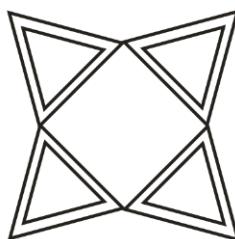

### 1. Kreiranje pozadine

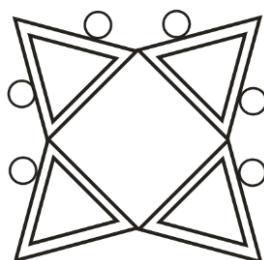

1. File → New
2. Standard bar → Zoom levels → To width
3. Toolbox → Smart drawing tool
4. Property bar → Shape recognition level → Highest
5. Property bar → Smart smoothing level → Medium
6. Pen weight → 1pt
7. Nacrtati trougao → Nacrtati manji trougao → Edit → Select all → Objects Arange → Group

8. View → Snap to objects
9. Odabratи Pick tool alatku → Selektovati trouglove
10. Angle of rotation → 45° → Enter
11. Da bismo kreirati dodatne trouglove Edit → Duplicate
12. Property bar → Mirror Horizontal → Podesiti trouglove tako da im se vrhovi dodiruju
13. Edit → Select all → Objects → Edit → Duplicate
14. Property bar → Mirror Vertical → Podesiti trouglove kao na slici

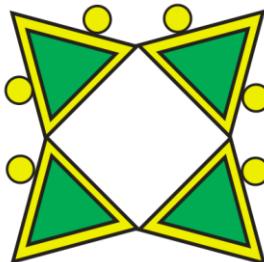

Na kreiranu pozadinu dodati krugove kao na sljedećoj slici:

**Obojiti pozadinu:**

- Prije korištenja boja izvršiti angrupisanje objekata
- Unutrašnje trouglove obojiti zelenom bojom, a spoljašnje kao i krugove žutom bojom

**2. Kreiranje okvira**

- Kreiranje vanjskog okvira
  - Insertovati kvadrat
  - Shape tool → zaobliti uglove
- Kreiranje unutrašnjeg okvira
  - Kopirati postojeći okvir
  - Držeći shift smanjiti unutrašnji okvir
  - Vanjski okvir obojiti narandžastom bojom, a unutrašnji plavom

**Raspored elemenata****Dodavanje šoljice**

File → Import → Cup.cdr → Import

**Dodavanje banera**

File → Import → Banner.cdr → Import

**Dodavanje teksta**

Odabrat 3 Point Curve Tool(Toolbox) →  
Nacrtati putanju → Pomoću Text Tool  
alatke ispisati tekst

**Sretno..!**
